

CONFIDENTIALMay 5th, 1959COCOM Document No. 3504COORDINATING COMMITTEERECORD OF DISCUSSIONONA GERMAN PROPOSAL TO EXPORT A UHF STANDARD SIGNAL GENERATOR TO HUNGARYApril 27th, 1959

Present: Belgium (Luxembourg), Canada, Denmark, France, Germany, Italy, Japan, Netherlands, Turkey, United Kingdom, United States.

Reference: COCOM 3477.

1. The CHAIRMAN drew the attention of the Committee to the German proposal to export a UHF standard signal generator to Hungary. He invited Delegates to give the views of their authorities.
2. The UNITED STATES Delegate said that he had asked the German Delegation to provide him with certain additional information in regard to this proposed export. This information had not yet been received and he therefore had no final instructions from his authorities.
3. The NETHERLANDS Delegate said that his authorities did not object to this export but they were somewhat sceptical over the stated end-use of this equipment. Bands 3 and 4 were not used for television receivers in Germany or the Netherlands and his authorities would appreciate the comments of the German Delegation on this point.
4. There were no objections to this export from the other Members of the Committee.
5. The GERMAN Delegate expressed his thanks for the favourable replies which had been given and stated that he hoped soon to be able to reply to the questions raised by the Netherlands and United States Delegations.
